

FOR IMMEDIATE RELEASE:

Acclaimed Jazz Vocalist Annie Sellick to perform at Thunder River Theatre

Aspen, CO – February 21, 2008 – Perhaps Annie Sellick’s best quality as a singer is her ability to make people happy. An unusually engaging performer, Sellick will be performing as part of the Jazz Aspen Snowmass 10-Spot Series on Friday, March 14 at Thunder River Theatre in Carbondale.

Sellick, a jazz vocalist out of Nashville, has won a large, devoted following and earned rave reviews, winning numerous “Best Jazz Artist” awards in the Nashville Media. Her career in jazz has taken her through three recordings on her own label (one with renowned jazz organist Joey DeFrancesco) and each step of the way has been heralded by an ever more enthusiastic wave of media attention. Of Sellick DownBeat writes, “arresting, catchy, smart-as-a-fox singer...that steals the show,” “an original with her own way of phrasing that allows her tongue-in-cheek personality to emerge,” says Jazz Times.

Tickets are only \$10 and can be purchased at 920-4996 or at the door on the night of the performance. Showtime is 8pm. All proceeds will benefit JAS In-Schools programming.
